

****SAFETY PROTOCOLS – Dance Inspiration 2021-2022**

- Anyone displaying symptoms covid related, including: fever, body aches, headache, cough, etc. will not be allowed to participate in class, and should stay home until symptoms are gone. Anyone exposed to covid or test positive for covid should follow recommended quarantine and health directives.
- Hand sanitizer is available throughout the studio and should be used upon entrance to the lobby. Students will be required to use hand sanitizer each time they enter/exit the classroom.
- The water fountain remains closed. If needed, students are allowed to bring a water bottle to class, labeled with their name. Water ONLY.
- Visitors in the lobby should be limited to **2 guests per student** to help reduce crowding and allow for social distancing.
- Lobby chairs are set up to help with social distancing. Please do not move or adjust the chairs in any way.
- The dance floor is marked to help students maintain social distancing in class as much as possible. Due to the nature/movement of dance, it will not always be possible to maintain social distancing during class.
- The studio will be deep cleaned and fully sanitized each day.
- In accordance with the current DHM's for Douglas County, we are no longer requiring face masks/coverings to be worn in the studio. However, they are strongly recommended to anyone who is not fully vaccinated, in a high-risk group, or when social distancing is not possible.

***We reserve the right to update and make changes to these protocols/requirements if we feel necessary at any point in the season. We will continue to monitor the situation regarding the Covid-19 pandemic and communicate any adjustments as needed.*
